1. Resident Employee

- a. In the case of residents of the Village of New Paris, an annual tax of one percent (1.0%) is imposed on qualifying wages, commissions, other compensation and other taxable income earned or received during the effective period of the Ordinance. For the purpose of determining the tax on the earnings of resident taxpayers taxed under Section 3, Paragraph A (1) of the Ordinance, the source of earnings and the place or places in or at which the services were rendered are immaterial. All such earnings wherever earned or paid are taxable.

- b. The following are items, which are subject to the tax imposed by Section 3, Paragraph A (1) of the Ordinance:
- .1 Qualifying wages, bonuses, incentive payments and any other compensation earned or received by an individual whether directly or through an agent and whether in cash or in property for services rendered during the tax period as:
 - .01 An officer, director or employee of a corporation (including charitable and other non-profit organizations), joint stock association, or joint stock company;
 - .02 An employee (as distinguished from a partner or member) of a partnership, limited partnership, or any form of unincorporated enterprise owned by one or more persons;

 - .2 Commissions earned by a taxpayer whether directly or through an agent and whether in cash or in property for services rendered during the effective period of the Ordinance, regardless of how computed or by whom or wheresoever paid.
 - .01 If amounts received as a drawing account exceed the commissions earned and the excess is not subject to demand of the employer for repayment, the tax is payable on the amounts received as a drawing account.
 - .02 Amounts received from an employer for expenses and used as such by the individual receiving them are not deemed to be compensation if the employer deducts such expenses or advances as such from his gross income for the purpose of determining his net profits taxable under Federal law, and the

employee is not required to include such receipts as income on his federal tax return.

- .03 If commissions are included in the net earnings of the trade, business, profession, enterprise or activity, carried on by an unincorporated entity of which the individual receiving such commission is owner or part owner and therefore subject to the tax under Ordinance Section 3 (A)(3) or (A)(4), they shall not be taxed under Section 3 Paragraph (A)(1).
 - .3 Fees, unless such fees are properly included as part of the net profits of a trade, business, profession, or enterprise regularly carried on by an unincorporated entity owned or partly owned by said individual and such net profits are subject to the tax under Section 3 (A)(3) of the Ordinance.
 - .4 Other compensation, including tips, bonuses or gifts of any type, and including compensation paid to domestic servants, casual employees and other types of employees.

- c. Where compensation is paid or received in property, its fair market value, at the time of receipt, shall be subject to the tax and to withholding. Board, lodging and similar items received by an employee in lieu of additional cash compensation shall be included in earnings at their fair market value.
- .1 In the case of domestics and other employees whose duties require them to live at their place of employment or assignment, board and lodging shall not be considered as wages or compensation earned.

In the case of individuals who are not residents of the Village of New Paris, there is imposed under Section 3 (A)(2) of the Ordinance, a tax of one percent (1.0%) on all qualifying wages, commissions, other compensation, and other taxable income earned or received during the effective period of the Ordinance, for work done or services performed or rendered within the Village of New Paris, whether such compensation or remuneration is received or earned directly or through an agent and whether paid in cash or in property.  - .4 Nonresident unincorporated entities owned by one or more persons all of whom are residents of the Village of New Paris shall disregard the method of apportionment provided for in the Ordinance and pay the tax on their entire net profits.  - .4 A residence may not be considered an office unless a portion thereof is used exclusively for business purposes and is reached by a separate entrance in an exterior wall, which does not serve as the entrance to the balance of the building.
- b. STEP 2. Ascertain the percentage which the total wages, salaries, commissions and other compensation of employees within the Village of New Paris is of the total wages, salaries, commissions and other compensation of all the taxpayer's employees within and without the Village of New Paris during the period covered by the return.
- .1 Salaries and reasonable compensation paid owners or credited to the account of owners or partners during the period covered by the return are considered wages for the purpose of this computation.
 - .2 Wages, salaries, and other compensation shall be computed on the cash or accrual basis in accordance with the method of accounting used in the computation of the entire net income of the taxpayer.
 - .3 In the case of an employee, who performs services both within and without the Village of New Paris, the amount treated as compensation for

services performed within the Village of New Paris shall be deemed to be:

- .01 In the case of an employee whose compensation depends directly on the volume of business secured by him, such as salesmen on a commission basis, the amount received by him for the business attributable to his efforts within the Village of New Paris.
 - .02 In the case of an employee whose compensation depends on other results achieved, the proportion of the total compensation received which the value of his services within the Village of New Paris bears to the value of all his services; and
 - .03 In the case of an employee compensated on a timely basis, the proportion of the total amount received by him which his working time within the Village of New Paris is of his total working time.
 - .04 Provided, however, all employees regularly connected with or working out of a place of business maintained by the taxpayer in the Village of New Paris who performs ninety percent (90%) or more of their services within the Village of New Paris shall be considered employees within the Village of New Paris.
- .4 Nonresident professional persons shall use the factor of days spent within the municipality to total working days.

All employees regularly connected with or working out of a place of business maintained by the taxpayer outside the Village of New Paris who perform ten percent (10%) or less of their services within the Village of New Paris shall be considered employees outside the Village of New Paris. The provisions of this sub-paragraph are not applicable in determining the tax liability of a nonresident who works in and outside the Village of New Paris.

- c. STEP 3: Ascertain the percentage which the gross receipts of the taxpayer derived from sales made and services rendered in the Village of New Paris is of the total gross receipts wherever derived during the period covered by the return.

- .1 The following sales shall be considered the Village of New Paris's sales:
 - .01 All sales made through retail stores located within the Village of New Paris to purchasers within or without the Village of New Paris except such of said sales to purchasers outside the Village of New Paris that are directly attributable to regular solicitations made outside the Village of New Paris personally by taxpayer's employees.
 - .02 All sales of tangible personal property delivered to purchasers within the Village of New Paris if shipped or delivered from an office, store, warehouse, factory, or place of storage located within the Village of New Paris.
 - .03 All sales of tangible personal property delivered to purchasers within the Village of New Paris even though transported from a point outside the Village of New Paris if the taxpayer is regularly

engaged through its own employees in the solicitation or promotion of sales within the Village of New Paris and the sale is directly or indirectly the result of such solicitation.

- .04 All sales of tangible personal property shipped from an office, store, warehouse, factory or place of storage within the Village of New Paris to purchasers outside the Village of New Paris if the taxpayer is not, through its own employees, regularly engaged in the solicitation or promotion of sales at the place of delivery.
- .05 Charges for work done or services performed incident to a sale, whether or not included in the price of the property, shall be considered gross receipts from such sale.

.2 In the application of the foregoing sub-paragraphs a carrier shall be considered the agent of the seller, regardless of the FOB point or other conditions of the sale, and the place at which orders are accepted or contracts legally consummated shall be immaterial. Solicitation of customers outside the Village of New Paris by mail or phone from an office or place of business within the Village of New Paris shall not be considered a solicitation of sales outside the Village of New Paris.

- d. STEP 4: Add the percentage determined in accordance with steps 1, 2 and 3 or such of the aforesaid percentages as may be applicable to the particular taxpayer's business and divide the total so obtained by the number of percentages used in ascertaining said total. The result so obtained is the business apportionment percentage. In determining the average percentage, a factor shall not be excluded from the computation merely because said factor is found to be apportioned entirely in or outside the Village of New Paris. A factor is excluded only when it does not exist anywhere.
- e. STEP 5: The business apportionment percentage determined in step 4 above shall be applied to the entire taxable net profits apportioned to the Village of New Paris.

3. Substitute Method

- a. In the event a just and equitable result cannot be obtained under the formula, the Administrator may substitute other factors in the formula or prescribe other methods of apportioning net income calculated to effect a fair and proper apportionment.
- b. Application to the Administrator to substitute other factors in the formula or to use a different method to allocate net profits must be in writing and shall state the specific grounds on which the substitution of factors or use of a different method is requested and the relief sought to be obtained. A copy thereof shall be served at the time of filing upon the taxpayer or Administrator as the case may be. No specific form need be followed in making such application. Once a taxpayer has filed under a substitute method, he must continue to so file until given permission to change by the Administrator.
- c. The decision of the Administrator on Subsections 3(a) and (b) hereof may be appealed by the taxpayer to the Board of Review, which shall have the power to adjust, modify or overrule such decision of the Administrator.

4. In the case of professional people and others furnishing personal services, if their only place of business is within the Village of New Paris, all their net profit shall prima facie be attributable to the Village of New Paris.

C. Operating Loss Carry Forward

1. The portion of a net operating loss, based on income taxable under the Ordinance, sustained in any taxable year, apportioned to the Village of New Paris may be applied against the portion of the profit of succeeding years apportioned to the Village of New Paris until exhausted, but in no event for more than three (3) years immediately following the year in which the loss was sustained. No portion of a net operating loss shall be carried back against net profits of any prior year.
 - a. Losses from the operation of business, profession or any other type of unincorporated entity are not deductible against employee earnings (as reported on W-2 or 1099-Misc), but may be carried forward as set forth herein. However, if a taxpayer is engaged in two or more taxable business activities to be included in the same return, the net loss of one unincorporated business activity (except any portion of a loss separately reportable for municipal tax purposes to another taxing entity) may be used to offset the profits of another for purposes of arriving at overall net profits.
 - b. Losses recognized shall be the actual loss sustained in a given year. No passive losses as allowed for federal tax purposes will be recognized for Village of New Paris purposes.
2. In the event net profits are apportioned both within and without the Village of New Paris, the portion of net operating loss sustained shall be apportioned to the Village of New Paris in the same manner as provided herein for apportioning net profits to the Village of New Paris. The portion of a net operating loss to be carried forward shall be determined in the year the net operating loss is sustained on the basis of the apportionment factors applicable to that year.

The same method of accounting and apportionment must be used in the year to which an operating loss is carried as was used in the year in which the operating loss was sustained.
3. A short fiscal year (a fiscal year of less than twelve [12] months) brought about by a change in accounting period, a new taxpayer selecting a short fiscal year, or a taxpayer operating in the Village of New Paris for less than his full accounting period, shall be considered as a full taxable fiscal year for purposes of loss carry-forward.
4. In any return in which a net operating loss deduction is claimed, a schedule should be attached showing:
 - a. The year in which the net operating loss was sustained.
 - b. The method of accounting and apportionment used to determine the portion of net operating loss apportioned to the Village of New Paris.
 - c. The amount of net operating loss used as a deduction in prior years.
 - d. The amount of net operating loss claimed as deduction in current year.

5. The net operating loss of a taxpayer that loses its identity through merger, consolidation, etc. shall not be allowed as a carry-forward loss deduction to the surviving business entity.
6. In the case of a net operating loss sustained by taxpayers filing a consolidated return, see Article III (D).
7. Losses sustained in a given year must be filed and reported in the same given year in order to be carried forward to offset future net profits.

D. Consolidated Returns

1. Consolidated returns may be filed by a group of corporations who are affiliated through stock ownership provided such group files consolidated returns for federal income tax purposes. For a corporation to be included in a consolidated return, eighty percent (80%) of its stock must be owned by the other members of the affiliated group. A consolidated return must include all companies that are so affiliated.
2. Once a consolidated return has been filed for any taxable year, the consolidated group must continue to file consolidated returns in subsequent years unless:
 - a. Permission in writing is granted by the Administrator to file separate returns.
 - b. A new corporation other than a corporation created or organized by a member of the group has become a member of the group during the taxable year.
 - c. A corporation member of the group is sold or exchanged. Liquidating a corporation or merging one of the corporations of the group into another will not qualify the group for filing separate returns.
3. If a corporation becomes a member of the group during the taxable year, the consolidated return must include the income for the entire taxable year of the common parent corporation and any subsidiaries which were members of the group for the entire year, plus the income of each subsidiary which becomes a member of the group during the year for the period beginning with the date it became a member of the affiliated group. For the period prior to the time any subsidiary became a member of the group, separate returns must be filed for that subsidiary. When a subsidiary ceases to be a member of the affiliated group, the consolidated return must include the income of such subsidiary for the period during which it was a member of the group, but for the period after it ceases to be a member, separate returns must be filed. If a corporation has been a member of the affiliated group for less than one month of the taxable year of the group, it may be considered as not being part of the group. Similarly, a subsidiary may be considered as being a member of the affiliated group during the entire taxable year of the group if the period during which it was not a member of the group does not exceed one month.

If a subsidiary is a member of the consolidated group for only part of a taxable year, the income considered to be earned in such fractional part of the year shall be that portion of the net income for the entire year which the number of days it was a member of the group bears to the number of days in the taxable year.

4. In determining the apportionment fraction where a corporation becomes a member of the group or ceases to be a member of the group during the taxable year, the property fraction (step 1 of the formula) shall be determined on the basis of the original cost of the property during the period such corporation was a member of the group.

The rental portion of the fraction, however, shall be computed at eight (8) times the annual rent. The gross receipts and wage fractions shall be based on actual figures.

5. All subsidiary corporations must agree in writing to the filing of the consolidated return as they will be liable for the tax as well as will be the parent corporation.
6. In consolidating the net income, the taxable income of each corporation shall be computed in accordance with the provisions governing the taxable income of separate corporations except that there shall be eliminated unrealized profits and losses in transactions between members of the affiliated group.
7. In determining expenses that are not allowable because they are apportioned to non-taxable income, such calculations shall be based on the consolidated net income. As an example, inter-company dividends that are eliminated in the consolidation will not be taken into consideration in determining non-taxable income.

- E. Capital gains from the sale of depreciable property shall be taxable to the extent of the aggregate amount of depreciation taken on such property for Village of New Paris income tax purposes. The taxable amount shall be the ordinary portion recognized on Federal Form 4797, "Sales of Business Property". Only losses sustained in prior years on such property shall apply against any gain.

F. Exclusions

The following shall not be considered taxable:

1. Proceeds from welfare benefits, unemployment insurance benefits, social security benefits, and qualified retirement plans as defined by the Internal Revenue Service.

If prepared by a person other than the taxpayer, the declaration is based on all information which the preparer has any knowledge."
 - .7 All applicable federal schedules, forms and statements.
2. If the return is made for a fiscal year or any period less than a year, said return shall be made within four (4) months from the end of each fiscal year or other period.
 3. Every resident person without exception and regardless of whether or not a tax is due and every nonresident person subject to the provisions of Section 3 of the Ordinance shall, except as hereinafter provided, file a return setting forth the aggregate amount of qualifying wages, commissions and other personal service compensation, net profits from business or other activities, including the rental from use of real and personal property, and other income taxable under the Ordinance, received for the period covered by the return and such other pertinent facts and information in detail as the Administrator may require.
 4. Where a nonresident employee's entire earnings for the tax period are paid by an employer or employers, and the one percent (1.0%) tax thereon has in each instance been withheld and deducted by the employer or employers from the gross amount of the entire earnings of such employee taxpayer, and where the employer of such employee has filed a report or return in which such employee's entire and only earnings are reported to the Administrator and where such employee has no taxable income other than such earnings and the tax so withheld has been paid to the Administrator, such employee need not file a return.
 5. An employee who is permitted to deduct business expenses, as allowable and described under Article III (A)(6)(c)(8) of these Regulations, from qualifying wages, or commissions must file a return in order to claim such deductions even though all or part of such qualifying wages, or commissions are subject to withholding. Such amounts must be properly reported on Form 2106, as filed with the Internal Revenue Service, and must be verifiable.
 6. Any taxpayer who received taxable income not subject to withholding under the Ordinance must file a return.

apportioned to the Village of New Paris and the tax paid thereon. However, any resident partner or resident member of an unincorporated entity is required to make a return and pay the tax in accordance with Article III (A)(3)(b)(2) of these regulations.

10. A husband and wife may file a joint return either when engaged in the same or separate business, but may not deduct business losses of either from compensation paid by the employer. 14. College students and/or those serving in the U.S. Armed Forces who maintain a Village of New Paris mailing address (within the corporation limits of the Village of New Paris) are required to file an annual return.

B. Information Required and Reconciliation With Federal Returns

1. In returns filed hereunder, there shall be set forth the aggregate amount of salaries, qualifying wages, bonuses, incentive payments, commissions, fees, and other compensation subject to the tax earned from each employer, taxable net profits, and other pertinent information as the Administrator may require.
2. Where figures of total income, total deductions, and net profits are included, as shown by a federal return, any items of income which are not subject to the Village of New Paris's tax and unallowable expenses shall be eliminated in determining net income subject to the Village of New Paris's tax. The fact that any taxpayer is not required to file a federal tax return does not relieve him from filing the Village of New Paris's tax return.
3. If a change in federal income tax liability, made by the Federal Internal Revenue Service, or by a judicial decision, results in an additional amount of tax payable to the Village of New Paris, a report of such change shall be filed by the taxpayer within three (3) months after receipt of the final notice from the Federal Internal Revenue Service or final court decision. (See Article XI (B)(2))
4. If a change in federal income tax liability results in a reduction of taxes owed and paid to the Village of New Paris, a claim for refund shall be filed with the Administrator as prescribed in Section 11 of the Ordinance and Article XI (C) of these regulations.

C. Extensions

1. Upon filing of a copy of the taxpayer's request for filing a federal extension, or a written request of the taxpayer postmarked on or before the original date for filing the return as prescribed in Section 5 of the Ordinance, the Administrator may extend the time for filing such return for a period to the last day of the month following the month to which the due date of the federal income tax return has been extended. Whenever deemed necessary, the Administrator may require a tentative return accompanied by payment of the estimated tax. An extension of time for filing does not extend the time for payment of the

2. tax; hence, interest and penalty, as defined under Section 10 of the Ordinance, may apply to any unpaid tax from the original due date of the return until said filing of the return. No penalty or interest will be assessed in those cases in which the return is filed and the final tax paid within the period as extended provided all other filing and payment requirements of the Ordinance have been met. Any extension by the Administrator shall be granted with the understanding that declaration filing and payment requirements have been fulfilled; however, if, upon further examination it then becomes evident that declaration filing and payment requirements have not been fulfilled, interest and penalties may be assessed in full and in the same manner as though no extension had been granted.
 - a. The Administrator may deny the taxpayer's request for extension if the taxpayer fails to timely file the request, fails to file a copy of the federal extension request (if applicable), owes the Village of New Paris any delinquent income tax or any penalty, interest, assessment or other charge for late payment of income tax, or has failed to file any required income tax return, report, or other related document for a prior tax period.

2. Information returns, schedules and statements needed to support tax returns are to be filed within the time limits set forth for filing the tax returns.

D. Payment with Return

1. The taxpayer making a return shall, at the time of the filing thereof, pay to the Administrator the amount of taxes shown as due thereon; provided, however, that where any portion of the tax so due shall have been deducted at the source pursuant to the provisions of Section 6 of the Ordinance, or where any portion of said tax shall have been paid by the taxpayer pursuant to the provisions of Section 7 of the Ordinance, or where an income tax has been paid to another municipality, credit for the amount so paid, in accordance with Section 15 of the Ordinance, shall be deducted from the amount shown to be due and only the balance, if any, shall be due and payable at the time of filing said return.
2. A taxpayer who has overpaid the amount of tax to which the Village of New Paris is entitled under the provisions of the Ordinance may have such overpayment applied against any subsequent liability hereunder or at his election indicated on the return, such overpayment (or part thereof) shall be refunded, provided that no additional taxes or refunds of less than five dollars (\$5.00) shall be collected or refunded.
3. An application for refund of overpayment of taxes withheld must be made by the employer or by the taxpayer with a letter of authorization from the employer. Refunds will be made payable to the employee.

E. Amended Returns

1. Where necessary an amended return must be filed in order to report additional income and pay any additional tax due, or claim a refund of tax overpaid, subject to the requirements and limitations contained in Section 10 and 11 of the Ordinance. Such amended return shall be on a form obtainable on request from the Administrator. A taxpayer may not change the method of accounting or apportionment of net profits after the due date for filing the original return.

2. Within three (3) months from the final determination of any federal tax liability effecting the taxpayer's Village of New Paris, Ohio tax liability, such taxpayer shall make and file an amended Village of New Paris, Ohio return showing income subject to the Village of New Paris tax based upon such final determination of federal tax liability, and pay any additional tax shown due thereon or make claim for refund of any overpayment.

ARTICLE VI COLLECTION OF TAX AT THE SOURCE

A. Duty of Withholding

1. Except as otherwise provided herein, it is the duty of each employer within or doing business within the Village of New Paris, who employs one or more persons whether as an employee, officer, director or otherwise, to deduct each time any compensation is paid the tax of one percent (1.0%) from:
 - a. Qualifying wages, bonuses, incentive payments, severance payments, fees, commissions or other forms of compensation paid to residents of the Village of New Paris, regardless of the place where services are rendered.
 - b. All compensation paid nonresidents for services rendered, work performed or other activities engaged in within the Village of New Paris.
 - c. An employer is liable for the payment of the tax required to be deducted and withheld, whether or not such tax, in fact, has been withheld.
2. All employers within or doing business within the Village of New Paris are required to make the collections and deductions specified in this Article, regardless of the fact that the services on account of which any particular deduction is required, as to residents of the Village of New Paris, were performed outside the Village of New Paris.
3. Employers who do not maintain a permanent office or place of business in the Village of New Paris, but who are subject to tax on net profits attributable to the Village of New Paris, under the method of apportionment provided for in the Ordinance are considered to be employers within the Village of New Paris and are subject to the requirements of withholding.
4. The mere fact that the tax is not withheld will not relieve the employee of the responsibility of filing a return and paying the tax on the compensation paid. If the employer has withheld the tax and failed to pay the tax withheld to the Administrator, the employee is not liable for the tax so withheld. In such cases, the Village of New Paris will not process any employee claims of refund or overpayment until the employer pays the tax withheld.
5. Commissions and fees paid to professional men, brokers and others who are independent contractors, and not employees of the payer, are not subject to withholding or collection of the tax at the source. Such taxpayers must in all instances file a declaration and return and pay the tax pursuant to the provisions of the Ordinance and Articles V and VII of these Regulations.
 - a. The commissions and fees paid to those individuals as independent contractors and as unincorporated entities by an employer shall report to the Administrator the name, address, social security number and total amount paid if said amount is in an excess of six hundred dollars (\$600.00). This return shall be considered a required return and shall be subject to the penalty as described under Section 10(b)(3) of the Ordinance.

6. Where a nonresident receives compensation for personal services rendered or performed partly within and partly without the Village of New Paris, the withholding employer shall deduct, withhold and remit the tax on that portion of the compensation which is earned within the Village of New Paris in accordance with the following rules of apportionment:
 - a. If the nonresident is a salesman, agent or other employee whose compensation depends directly on the volume of business transacted or chiefly effected by him, the deducting and withholding shall attach to the entire compensation which the volume of business transacted or chiefly effected by the employee within the Village of New Paris bears to the total volume of business transacted by him within and outside the Village of New Paris.
 - b. The deducting and withholding of personal service compensation of other nonresident employees, including officers of corporations, shall attach to the proportion of the personal service compensation of such employee which the total number of his working hours within the Village of New Paris is of the total number of working hours.
 - c. The fact that nonresident employees are subject to call at any time does not permit the apportionment of pay for time worked within the Village of New Paris on a seven day per week basis. The percentage of time worked in the Village of New Paris will be computed on the basis of a forty hour week unless the employer notifies the Administrator that a greater or lesser number of hours per week are worked.
 - .1 The determination of tax liability of nonresidents working in and out of the corporate limits is to be computed on the formula of the total number of days worked in the Village of New Paris divided by the total number of days worked during the year and the resulting percentage applied to the total annual income from wages including sick leave, holiday pay, vacation pay and other compensation required to be reported as gross pay. Where no record can be substantiated of the number of days worked, the figure 260 is to be used as the total number of days worked.
 - .2 For purposes of determining the tax liability of professional truck drivers, a flat percentage of ten percent (10%) will be used as the percent of time in the Village of New Paris, provided, the wages were withheld correctly and all necessary supporting documents required by the Administrator are attached to the return.
7. An employer shall withhold the tax on the full amount of any advances made to an employee on account of commissions.
8. An employer required to withhold the tax on compensation paid to an employee shall, in determining the amount on which the tax is to be withheld, ignore any amount allowed and paid to the employee for expenses necessarily and actually incurred by the employee in the actual performance of his services, provided such expenses are incurred in earning compensation, including commissions, and are not deducted as a business expense by the employee under Article III of these Regulations.
9. In such case, the return (Form W-1) for the quarter in which the adjustment is made, shall indicate the total amount actually withheld, the amount of the adjustment deducted there from, and the corrected amount reported on the return (Form W-1).

E. Round to the Nearest Dollar

- 1. In deducting and withholding the tax at the source and in payment of any tax due under the Ordinance, rounding to the nearest dollar is permitted. ARTICLE VII DECLARATIONS

A. Requirement of Filing

- 1. A declaration of estimated tax shall be filed by every taxpayer who may reasonably expect to have taxable income, the tax on which is not or will not be withheld by an employer or employers unless the tax due is less than two hundred dollars (\$200.00). Where required, such declaration shall be filed before the fifteenth (15th) day of the fourth (4th) month following the year the taxpayer first becomes subject to the tax.
- 2. A taxpayer's final return for the preceding year may be used as the basis for computing his declaration of estimated tax for the current year. B. Date of Filing

1. A person or other entity conducting business not previously subject to the tax, or whose employer does not withhold the tax, shall file a declaration based on ninety percent (90%) of the current year's tax liability before the fifteenth (15th) day of the fourth (4th) month after the date he becomes subject to the tax.

At such time a payment, this, together with prior payments sufficient to pay taxpayer's entire liability, shall be made. If a taxpayer has not complied with this requirement, the difference between ninety percent (90%) of his tax liability and the amount of estimated tax, or the date fixed by the Administrator's regulation, whichever is applicable, shall be subject to the interest and penalty provisions of Article X hereof.

D. Dates of Payments

1. The declaration must be accompanied by at least one fourth (1/4) of the estimated tax shown due thereon. Unless such payment is made, the taxpayer will not be considered as having filed a declaration within the meaning of the Ordinance.
2. In the event an amended declaration has been filed, the unpaid balance shown due thereon shall be paid in equal installments over the remaining payment dates.

E. Final Returns Required

1. The filing of a declaration does not relieve the taxpayer of the necessity of filing a final return even though there is no change in the declared tax liability. A final return must be filed to obtain a refund of any overpayment of five dollars (\$5.00) or more.

C. Estimation of Tax by Administrator

1. Whenever the Administrator has been unable to secure information from the taxpayer as to his taxable income for any year, he may determine the amount of tax appearing to be due and assess the taxpayer upon the basis of such determination together with interest and penalties as prescribed in Section 10 of the Ordinance.
