915.01 TITLE AND STATEMENT OF PURPOSE.

a) This chapter shall constitute the Comprehensive Tree and Planting Plan for the City of Hamilton, Ohio. Its purpose is to establish policies and regulations that will promote and protect the urban forest and plantings of Hamilton. The statement of purpose for this chapter shall be as follows:

b) Ohio is a forest by nature. May we, the people of the City of Hamilton, unite in a collective mission to manage and protect our local urban forest. In doing so let us proceed with the knowledge that a forest is an interaction of living elements that are part of a greater ecological process. When we alter this process or its parts without knowledge and compassion we threaten the health and survivability of the immediate and larger landscape and the communities that live within them.

(Ord. 2013-6-52. Passed 6-26-13.)

However, nothing in this section shall be construed to prohibit the trimming or cutting by the City of trees or parts thereof on or extending over any street or other ground belonging to the City when such trimming or cutting is necessary to prevent interference with any City-owned utility, or to remove any dangerous condition, or for any other City purpose.

b) The City Manager shall designate an individual to be responsible for the administration of the comprehensive Tree and Planting Plan. This individual may or may not be an arborist but shall have knowledge of the care and maintenance of urban forests.

c) In addition to the authority granted the City Manager, his designee, and the Transportation and Traffic Engineer in this chapter, the designee is hereby authorized to enforce Sections [915.04](#) through and including Section [915.06](#) of this chapter.

In order to maintain consistency with horticultural practices, the list set forth in Section [915.07](#) may be reviewed by the Tree Advisory Board and may be revised by the Board without further legislative approval. Any such revision of the list of plantings by the Tree Advisory Board shall be effective only upon the written approval of the City Manager's designee.

e) Distances and Clearances.

- 1) Plantings within the public ways that impact traffic safety shall be coordinated with and approved by the City Transportation and Traffic Engineer. The following criteria shall be used as guidelines with regard to plantings that impact traffic safety:

d) The City Manager's designee under Section [915.03](#) shall cause written notice to the property owner(s) and occupant(s) to trim or remove any planting within, or adjacent to, the curb lawn area of the abutting public ways that do not conform with the provisions of this chapter. Such notice shall be sent by certified mail, return receipt requested, to the tax mailing address of the property owner(s) of record with the Butler County, Ohio, Auditor and to the occupant(s) at the address of the property. If certified mail is returned unclaimed, notice will be sent by regular mail.

e) If the planting is not trimmed or removed within the time period stated in the written notice, not less than ten (10) days from date of receipt of the notice, the City Manager's designee may cause such trimming or removal to be undertaken and the costs thereof shall be the responsibility of the abutting property owner(s) and occupant(s).

f) In the event that the property owner(s) and occupant(s) fail to remit such costs to the City within thirty (30) days after written notice of the amount of such costs, the City Manager's designee or the Finance Director may certify such costs to the Butler County Auditor to be entered upon the tax duplicate for the abutting property as a lien and collected as other taxes and returned to the applicable City fund.

b) A tree that is dead or dying (50% or more) must be removed upon review and approval by the City Manager's designee.

c) Any tree that has outgrown its planted area and is causing damage to the bordering sidewalk or curb may be removed upon the review and approval of the City Manager's designee, who shall determine the reasonableness of replacing the sidewalk versus removing the tree. Replacement of either is responsibility of the property owner.

d) A tree that is affecting a sanitary sewer line from a building shall be considered for removal only after all other methods of sewer line maintenance have been attempted (i.e. root pruning, boring the line). Documented proof of such action has to be presented to the City Manager's designee before a request for removal will be considered.

e) A tree may be considered for removal if it is affecting other trees in such a way that the growth needs to be thinned or if the branches are affecting utility lines, is growing too close to a utility pole, or is growing too close to another immovable obstruction (e.g., a flagpole).

f) A tree that is a nuisance due to its natural state shall not serve as the basis for removal, subject to the appeals procedure set forth in Section [915.081](#).

The notice of appeal shall include the complete name, address and telephone number of the appellant, the date and description of the denial, and a statement of the grounds for appeal, which shall include the detailed reasons for reconsidering the request and overturning the denial. Upon receipt of the notice of appeal, the Deputy City Manager shall schedule a hearing to take place no later than thirty days after receipt of the notice of appeal. The Deputy City Manager shall notify the appellant, in writing, of the hearing date. The Deputy City Manager shall hear evidence and argument regarding the appeal and shall thereafter render a decision and so notify the appellant. As part of the hearing process, and in addition to any other witness and evidence, the Deputy City Manager may consult with one or more members of the City of Hamilton Tree Advisory Board.
